BATTERED HADDOCK PORTIONS

AN ADDICTIVE ADDITION TO YOUR SEAFOOD MENU!

CRISPY BATTER, GREAT BITE OF FISH

The ratio of delicious, white, flaky, mild Haddock to its golden, crispy batter is the secret to Lil' Haddies success as a menu item! Once people try it for the first time, they're HOOKED!

THE ORIGINAL FISH & CHIPS

Haddock has history as the original fish & chips, and with good reason! Our Lil' Haddies check all the boxes for a menu feature, as they are already battered cutting down on prep & labor, and they fry up quick!

EVEN THE KIDS LOVE 'EM!

A great alternative to run of the mill chicken nuggets or hot dogs! Lil' Haddies are a great way to introduce kids into eating fish as a part of their diet! Pair these with a scoop of mac & cheese and your signature fries!
